LOCAL NEWS.

CITY SCHOOL BOARD.—The Board was called to order promptly, last night; present:—Edgar Snowden, Jr., esq., chairman; Messrs. J. S. Beach, S. F. Beach, Burke, W. F. Carne, McKenzie and Washington, and Richard L. Carne, Superintendent.

The minutes of the last regular and a subsequent called meeting were read, and after a verbal correction to the latter, approved.

Mr. Burke, from the Committee on Finance and Accounts, reported all the bills referred to that committee from the Committee on School Houses and Furniture informal for want of the endorsement of the chairman. The Superintendent, from that committee, said they were all endorsed by B. F. Price, who superintended the work and purchased the materials, and that he thought the formal report of them by the Committee on School Houses and Furniture was a sufficient endorsement; but, on motion of Mr. Burke, they were referred to that committee again.

Mr. Kemper, from the Committee on School Houses and Furniture, reported that the chairs and benches of the Assembly Rooms had been purchased of Mr. D. F. Witmer for \$50, and placed in the hall of the Peabody Building.

The Superintendent, from the same committee, at Mr. Kemper's request, reported that the furniture purchased of Mr. W. A. Slaymaker had been put into proper order, and fixed up in the school rooms, except the back seats, which had not yet been furnished. Ten dollars was to be deducted from the bill for expenses of putting in and taking out old furniture, in consequence of the non-arrival of the furniture by the 1st of September. The agent wanted a note at four months for the cost.

After some conversational debate, it was, on motion of Mr. W. F. Carne, unanimously ordered that the chairman give no note for the school furniture until it shall all have been furnished, except by order of the Board.

Mr. Kemper, from the same committee, reported the receipt of ten dollars, for rent of school house, from the Young Men's Christian Association, and two dollars from W. H. Underwood, through the Superintendent, for said from the well at Peabody Building, and the amount, on motion of Mr. S. F. Beach, was appropriated to the contingent fund.

The chairman stated that Lee School Building had not been repaired, as promised, and that a school comprising boys was still kept there.

The Superintendent said he would see the trustees on the subject at once.

The chairman said that Mr. C. C. Bradley had informed him that the interest on a note due him had not been paid when due.

Mr. Burke said that the payment must be endorsed on the note, as it was negotiable, and, on his motion, the Clerk was directed to correspond with Mr. Bradley and inform him that if the note was sent to Alexandria and placed in the hands of some authorized receipt, it would be paid, and, on motion of Mr. McKenzie, a sum of one hundred and ten dollars was appropriated to pay it.

The Superintendent reported that, in pursuance of the order of the Board, he had engaged Prof. B. P. Worcester to give lectures and exhibit the Stereopticon, but that in consequence of the gift hambug, last Monday, the Board's share of the proceeds would fall a little short of the amount necessary to pay for the furniture. It was thought judicious he would pay the balance himself, furnish a stage, &c., and take compensation by the use of the room three or four times a year; the arrangement to terminate at the pleasure of the Board.

Mr. McKenzie thought the Board had better purchase the stage, &c., itself, and, on his motion, the Committee on School Houses and Furniture were instructed to do so.

The chairman laid before the Board a resolution referred to by the City Council, relative to the establishment of a night school; whereupon, on motion of Mr. W. F. Carne, it was, unanimously,

Resolved, That the Clerk be directed to respectfully inform the City Council that this Board did not include the expense of a night school in its estimates for the present year, and that it has made no proposition to Council looking to the establishment of such a school, but that if the City Council desires that a night school be established, and wishes to appropriate the amount which the City Superintendent of Schools estimates as necessary for that purpose, this Board is willing to take such school under its charge, and to see that the amount appropriated is expended in the most economical manner.

The Board then, at 8:30, adjourned.

SUN FIRE COMPANY.—At a called meeting of the Sun Fire Company, held last night, Maj. George Duffey, Vice President, was called to the chair and A. J. Wedderburn appointed secretary.

Messrs. Lee and Steel, a committee from the Knights of Pythias, were present to ask for a definite conclusion in regard to the rental of the Sun Company's room as a drill room for the Knights, and it was resolved that the room be rented to the Knights of Pythias once a week, including lights and fuel, for \$40 per annum.

Maj. Duffey, from the committee to consult the Fire Wardens and members of the City Council relative to getting hose for the Sun Company, reported that after consultation the committee had decided to petition Council, and had called the meeting of the company their assembled for that purpose.

The report of Maj. Duffey was adopted, and Messrs. Duffey, Fair and Travers were appointed a committee to petition Council to give the Sun Company five hundred feet of hose.

Messrs. Waters, Geo. Williams and Andrew Sullivan were appointed a committee to secure signatures of all the members of the company (not present) to the petition.

A large number of members were present, all of whom signed the petition.

A letter was received from Mr. George W. Petty, (whose resignation had been accepted at the last meeting of the company,) late pipe-man, returning the nozzles which had been in his possession, and expressing his attachment to the company and his regard for the members, which letter was received and ordered to be spread upon the minutes of the company.

The meeting then adjourned to assemble again on Monday night next.

THE MOUNT VERNON PAPERS.—Among the old paper found in raking out the debris of the late fire at the corner of Lee and King streets is a charred and smoked parchment written by the former proprietor of this paper of which the following is a copy:

ALEXANDRIA, October 19th, 1807.

SIR:—Under an impression that you will have the disposal of the Printing of the life of your illustrious dead relative, Gen. G. Washington, we have taken the liberty of offering our services to you for the purpose of executing it.

We will engage to Print it on as good terms as any other Printer—and we flatter ourselves it is in our power to execute it equally well.

Should you see proper to favor us with the execution of it, we pledge ourselves with no trouble or expense shall be spared to render the work in its exterior equal to what we conceive will be its intrinsic worth.

We have taken the liberty of forwarding, for your acceptance, a small work, which we have just executed—which will serve as a rough specimen of what might be done at our office, provided we took the time necessary for doing work with elegance. We are with respect, yours, &c. S. SNOWDEN & CO. B. Washington, Esq.

CONCERT AT FALLS CHURCH.—A concert was given at Falls Church last Tuesday night for the benefit of the Presbyterian Church, just built at Balston, the proceeds of which amounted to \$55. The programme was introduced by a piano solo by Mrs. Lonisa Dailey. Next came a quartette, "O Hail us, ye free," from the opera of Ernani, by Mrs. Fisher, Miss Febrey and Messrs. Pond and Duryee.

This was followed by the reading of "The Vagabonds," by Mrs. Deering. "List, 'tis Music Stealing," by Misses Grace Hogan and Ada Sargent, was the next, followed by the reading of "Maud Muller," by Mrs. Dailey. The first part of the entertainment was closed with the ballad, "Longing," by Mr. Frank Schutt, with guitar accompaniment.

The second part was opened with "A Thousand and a Year," by Messrs. J. C. Brown and Schutt. Then came the reading of "The Pauline," from Longfellow's Hiawatha, by Mrs. Fisher, who also sang a soprano solo, "Sing Sweet Bird." A tenor solo, "The White Squall," was sung by Mr. S. Duryee. The reading of Will Carleton's "New Church Organ," by Schutt, and his subsequent rendering of the "Temperance Medley," with guitar, closed the exercises.

The stakes were \$10 per fight and \$30 on the odd fight, each party to show ten birds, and after six fights, of which Esmin won five, Washington stock was declared victorious and the owners were awarded the stakes by Captain Ned Ryther, the referee. Considerable money changed hands in side bets.
